DEBATE ON DRAFT BILL NEAR AN END

Senate Begins Deliberations at 10 A. M. and House Two Hours Later on Conscription Plan

FINAL APPEALS ARE MADE

Representative Kahn, Republican Exponent of Administration Denounces Volunteer System

By J. P. YODER
(U. P. Staff Correspondent.)

Washington, April 27.—The senate began deliberations at ten o'clock on its consideration to put through the president's elective conscription plan for raising an army. The house began consideration of the army bill two hours later.

Three great things, to convince the enemy of the unity of the country in this terrible struggle, are necessary, declared Senator Jones of Washington, speaking in favor of conscription.

"We should first make an army of 1,000,000 men; second we should destroy the liquor traffic in this country and third, we should enfranchise our women," he declared.

House debate approached the end this afternoon when Representative Kahn of California, in closing, denounced the volunteer system and begged the house to stand by the president. Kahn is a republican, but is leading the democratic administration's forces for the bill. He received a rousing welcome of cheers as he rose.

"In all our wars," Kahn said, "we have had among us those who opposed our entrance into the struggles and who put every obstacle in the way to prevent us from facing the war in the right of the United States."

"The system which permits the volunteer to sacrifice his life and permits the slackers to remain at home is neither, just nor democratic. We who believe in the selective draft feel it is the duty of the individual in a republic to respond whenever and however the nation needs him."

MAKES REPORT TO HOME GOVERNMENT

British Foreign Secretary Writes Allies Agree to Equal Division of Munitions and Foods.

THE SUPPLY OF MEN CAN WAIT

BY GEORGE R. MARTIN
(U. P. Staff Correspondent.)

Washington, April 27.—The first chapter of America's part in the world war was penned here by British foreign secretary, James A. Balfour when he cabled to his home government his report of the agreement reached at the war council. Balfour's report will tell Europe allies that the first problem settled was shipping. He wrote, in effect, that the British and French commissions have expressed their wishes to the American government concerning the part it shall take in the war. Balfour will say that the American government has all the allies wanted; with a preponderance of men, munition or food; and after settling the question among themselves the British commission asked an equal division of munitions and food.

The supply of American fighting men, it was agreed, can wait.

RAIDERS DRIVEN AWAY

London, April 27.—Shells from a German destroyer raiding squadron fell on Ramsgate last night, killing a man and a woman and injuring three others. Twenty buildings were damaged. The German ships were driven off by British patrol vessels.

THURSDAY BIGGEST DAY YET FOR TAXES

Two Railroads Settle With County Treasurer, Making Collections Total \$17,260

ABOUT \$115,000 ON THE BOOKS

Tax collections at the county treasurer's office totalled \$17,260, the largest single day of the spring tax paying season. The receipts were swelled because two railroads—the Big Four and Pennsylvania—paid their taxes. The Big Four paid the sum of \$3,976.38 and the Pennsylvania paid in the sum of \$4,295.80.

A big day is expected tomorrow and the people living in the city are urged not to come to the office, but to let the country people have the advantage of this day. The same thing is asked of next Saturday. A total of \$187,924.72 had been collected up until the close of business last night. Something like \$115,000 remains to be collected in the remaining eight days.

The office this spring is following the usual course to make tax paying easy. A description of the property, giving the location by township, and a blank check for the treasurer to fill in, together with a self-addressed envelope, will bring a person's tax duplicate without even visiting the office.

BENEFIT FOR RED CROSS ANNOUNCED

Operetta Will be Presented by Home Talent Players Under Direction of Denning Havens

MONDAY EVENING MAY 7, DATE

Scene Will be Laid Near War Camp and Action Will Take Place Between Battles

A Red Cross benefit operetta will be given by home talent players at the Graham Annex auditorium a week from next Monday night under the direction of Denning Havens.

Several of the choruses have been rehearsing for some time and another rehearsal will be held tonight. The cast will work diligently from now on until the night of the entertainment to make it one of the most creditable undertakings ever offered here.

The Rushville chapter of the American Red Cross society, which is just being organized, is sorely in need of funds and this means was decided upon to raise funds for the chapter. Not only for its worth as an entertainment but because of the purpose for which it is being given, the operetta will undoubtedly be well patronized, it is believed.

The scene is laid near a war camp and the entertainment takes place between battles. The characters are all those who would be on a battlefield, the girls taking the parts of Red Cross nurses and the boys, soldiers.

During the course of the action of the operetta, a group of Hawaiians drift into the scene, giving opportunity for music by the ukulele club of the high school.

In addition to the Hawaiian musicians, other organizations taking part will be the boys glee club of the high school, the girls glee club of the high school, a sextette composed of colored boys, children from the Jackson school and the high school orchestra, which will accompany all musical numbers.

Individuals who will take part are Miss Norma Smith, Mrs. Hazel Lytle-Moor, Miss Mary Louise Poe, Miss Frances Frazee, Miss Mary Louise Bliss, Miss Kathleen Hogsett, Dr. Hale Pearsey, Francis Coyne and Duane Reed.

COMPETITION IN CONTESTS KEEN

Duane Reed is Declared Winner in Oratorical and Miss Gladys Bebout in Declamation

IS HEARD BY A CROWD OF 400

Miss Kathleen Hogsett Wins Vocal Contest and Miss Janet Dean Violin Contest

Winners in the high school preliminary at the Graham Annex auditorium last night, who will represent the high school at the inter-high school meet at Shelbyville Saturday, May 12, were as follows:

Oratorical, Duane Reed; declamation, Miss Gladys Bebout; violin solo, Miss Janet Dean; vocal solo, Miss Kathleen Hogsett.

After having won in the oratorical, according to the rules of the contests, Duane Reed could not be considered by the judges in the declamation contest, although he gave, "The Raven" in very fine fashion, with good dramatic effect.

In the oratorical contest, Duane Reed gave "War and Public Opinion." Miss Katherine Wooden was second. Her speech was "The Hero of Compromise." Alfred Norris, speaking on "The American Infamy" was third.

Miss Bebout read "Ole Man and Jim" and Alfred Norris, who was second, "Gunga Din." Paul Spivey, who gave "Robert Emmet in His Own Defense," was declared third by the judges.

Miss Janet Dean, who played "Allegro Brillante," by W. Ten Havey, was awarded first in the violin contest and Miss Lois Reeve, who played "Mazurka" by Mlynarski, was placed second by the judges. Miss Mary Louise Wyatt, playing "Kujawiak," by Wieniawski, was third. Mrs. D. H. Dean accompanied her daughter at the piano and C. E. Parke was the accompanist for the other two.

In the vocal solo contest, Miss Kathleen Hogsett, who was given first sung "At Dawning" by Cadman, and Miss Mary Louise Poe, who sang "Morning Wind" by Branscombe, was second. John Norris was third. He sang "Shipmates O' Mine," by Sanderson, and was accompanied by Miss Norma Smith. Mr. Parke accompanied Miss Hogsett and Miss Poe.

A crowd of four hundred people heard the contests and excellent order was maintained by compelling late arrivals to wait until the number then being given was completed before they entered the auditorium.

Credit for the excellent showing made by all the contestants is given to Earl B. Marlatt, who coached the orators and those in the declamation contest, and C. E. Parke, supervisor of music, who assisted the contestants in the musical contests.

As proof of the excellence of all of the entrants, one of the judges was said to remark after the oratorical contest that any one of the six might be selected and the school would be well represented.

The complete rating of the judges was not given out so that the standing of those except the first three will not be known.

The judges in the oratorical and declamation contests were: George Buck, principal of Shortridge high school, Indianapolis; L. H. Dirks, teacher of German in Shortridge high school; Mr. Holloway, teacher of English in Manual Training high school, Indianapolis.

The judges for the musical contest were: A. A. Gloeckzin, supervisor of music in the Connersville schools; Miss Lulu Kanazy, teacher of music in the Indianapolis schools; Mr. Montani, also teacher of music in the Indianapolis schools.

Gary—Plans are being made for 20 school boys to cultivate an Indiana farm during this summer's vacation.

CHILD WELFARE WEEK WILL OPEN

Special Observance of Nation-Wide Importance Starts Here Tomorrow With Baby Contest

FROM 8 MONTHS TO 2 YEARS

All Babies Within Those Ages Are Eligible—Each Examination Will be Separate

Promoters of "Child Welfare Week" have heard the report that there will be danger for the babies who are entered in the better babies contest at the Graham Annex school building tomorrow beginning at 8 a. m. The committees in charge said today that this is far from the truth because the babies will be examined separately and there will be no chance to expose them to any contagious disease.

Furthermore, it was stated that the records of the examinations of the babies will be held in confidence and will not be made public. Mental, physical and dental examinations will be made by local physicians and dentists and in six months another examination will be made. The children making the best gains will receive the prizes.

There will be a first and second prize for the boy babies and similar prizes for the girl babies. Prizes will also be given for the colored children. The prizes in the first two classes will be deposits in the four Rushville banks.

Every child in the county between the ages of eight months and two years is eligible. Invitations have been sent to five hundred mothers in Rush county and there are probably others of which the committee had no record. Mothers who received no invitations are urged to bring their babies anyway because it is desired that every baby within the age limits in the county be in the contest. Aside from the chance for a prize, the examination by physicians is worth much.

Next week will be "Child Welfare Week" all over the United States. Great preparations are being made in other cities to observe it. Merchants in Rushville have promised the committee from the federated clubs that they will emphasize it in window decorations and by every other means at their disposal.

The week's observance will be closed with a program for mothers in the George C. Wyatt and company furniture store one week from Saturday. It will be free to all mothers of the county and any others who may want to attend.

Miss Anne Straight, the visiting nurse, will give a lecture on the topic, "The Baby," and will also offer some demonstrations in the care of the baby for the information of mothers present. Miss Kate Dennis domestic science teacher in the public schools, will talk on the subject, "School Lunches and Properly Balanced Diets." She will also give demonstrations to illustrate her lecture. Dr. Lowell M. Green and Dr. W. S. Coleman will speak in regard to the baby's health and Dr. P. H. Chadwick will talk about the proper care of the baby's teeth.

Several Other Cases of Minor Importance Are Tried Before Judge Sparks in Court Today

FINDS FOR ALMA WINSHIP

Court Rules in Favor of Defendant in Will Contest on Agreed Statement of Facts

Several cases of minor importance were tried today before Judge Sparks. Robert A. Cameron was given a divorce from Priscilla Cameron. Mrs. Cameron was given the custody of the minor children and the sum of \$4 a week for their support. The costs in the action were assessed against the plaintiff.

The case of Rush G. Budd, executor of the will of the late Jesse T. Winship, against Alma Winship and Pearl Geyer, a petition to construe a will, to quiet title and asking for an order to sell real estate, was submitted on the issues joined between the plaintiff and the defendant Alma Winship, on an agreed statement of facts. The court found for Mrs. Winship for costs.

T. and H. Smith Company was given a judgment for \$81.03 against James E. Hinchman on a note. The original demand was \$150. This case was submitted some time ago and the decision given today.

The case of David W. Andre against Horace G. Beckner, Alonzo Feemster and the First National Bank of Connersville for subrogation and indemnity, was dismissed and the costs paid. CAMPAIGN ON FOR MORE LIVE STOCK

County Superintendent C. M. George Receives Letter From G. I. Christie Outlining Program

CONSERVATION IS URGED

Suggested Local Committee Not Delay Action on Anything Which Can be Started Now

County Superintendent C. M. George has received a letter from G. I. Christie, state food director, outlining the program for live stock production which the Indiana committee on food production and conservation has arranged and asks all counties to follow in order to increase the live stock raised in Indiana.

The program was presented by the animal husbandry department of Purdue university and accepted by the committee. It is suggested that the committee in this county which has charge of the increased production advised this year on account of the war not delay action on any movements which can be started at this time.

"Do anything that may be done," says the letter, "to save the breeding stock for the farms. Establish an exchange so that stock that can not be fed on one farm can be finished on another with profit, is in line and your committee should take it up at once."

It is suggested that the committee report to the state committee all work undertaken and results obtained.

On the question of swine production, the committee advises the conservation of brood sows and gilts for fall breeding. The letter continues:

"It is recommended that the fall pig crop be increased to the maximum that can be suitably housed, fed, and cared for and that the sows should be bred to farrow early, from August 20th to September 20th, since the late pigs are not satisfactory or profitable."

"It must be recognized that many farmers are not prepared to properly take care of fall pigs. Under such circumstances, it is not wise for them to bring a lot of pigs on to the farm to develop into runts later."

"It is recommended that provision for forage crops for hogs (and other classes of live stock as well) should be made at once and utilized to the greatest extent throughout the summer and fall, and it is recommended that where the food supply is limited, a limited grain ration on good pasture of clover, alfalfa, blue grass or rape may be fed to the hogs until the new corn crop is available and that where sufficient grain suitable for fattening hogs is available on the farm, the hogs should be given the full feed and marketed as soon as they reach the weight of two hundred to two hundred and fifty pounds."

An A B C Thought for the Merchant

Advertising creates a desire to see the goods advertised.

Advertising of a nationally distributed product in the local newspapers which are read by the people with whom you do business every day, will lead "that desire to see" right to your store.

It is simply business horse sense to show the people what they want to see.

In other words, when you display and push goods advertised in your local newspapers, you are making your store a Public Service Store in the best sense of the word.

That's the A. B. C. of the whole situation.

Next Monday Will Mark End of Period to File Them

Next Monday is the last day for filing mortgage exemptions and it is expected that a large number will take advantage of the law and save themselves money in paying taxes. The mortgage exemptions are filed with the county auditor. There is no fee for the filing and the law states that they must be on file on or before the last day of April. A large number of exemptions have been filed, but not near as many as last year and County Auditor McMillin stated today that it appeared as though many had forgotten about taking out the exemptions.

A Great Discovery

Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

As a remedy for those easily recognized symptoms of inflammation caused by uric acid—as scalding urine, backache and frequent urination, as well as ediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly Anuric acts; the pain and stiffness rapidly disappear.

The very best possible way to take care of yourself is to take a glass of hot water before meals and Anuric, the discovery of Dr. Pierce of Buffalo, N. Y.

Step into any drug store and ask for a 50c. package of Anuric, which is many times more potent than lithia and eliminates uric acid almost as hot water melts sugar. A short trial will convince you.

WOULD TESTIFY.

Lewis, Ind.—"For a long time I suffered from backache, pain in left side, frequent kidney excretion, bothering me at all times during the day and night, and the uric acid in my blood caused me to suffer from rheumatism along with a constant tired, worn-out feeling. I heard of Anuric the discovery of Dr. Pierce, of the Invalids' Hotel, Buffalo, N. Y., and I at once began its use. After trying it a good trial I believe it to be the best kidney remedy on the market today. I have tried other kidney medicines, but these Anuric Tablets of Dr. Pierce's are the only ones, in my opinion, that will cure kidney and bladder troubles."—MURRAY A. LOVE.

What Good Paint Will Do

GOOD paint—like Burdsal Paint—does more than merely protect and prolong the life of houses, barns, fences and other buildings. It increases their value—makes them worth more.

How? It makes them more attractive—and therefore more desirable. Well-kept, well-painted property speaks well for the man who owns it. It is a real indication of thrift and good business judgment.

When you paint this Spring, buy the paint that has been "making good" for almost fifty years—buy

BURDSAL PAINT

used since 1867

Burdsal Paint is dependable and holds its color. It goes on evenly and stays on a mighty long time. It is composed of pure zinc, pure lead, and pure oil—ingredients that assure you a paint that will "cling tight" to the wood—a paint that will wear long and faithfully, and a paint that will always retain its luster.

Double-Barrelled Cleanliness

The Lord expects us all to be clean—not only in person but in our surroundings as well—if we can't be godly.

Most persons are scrupulously clean with their persons. They regard with the utmost care all the laws of personal cleanliness. The average person holds nothing but contempt for the slovenly, unclean one who pays no attention to his or her personal appearance.

In the homes of our community you will find the same evidence of scrupulous care and attention to the smallest of details. Spotless cleanliness is the word in a majority of homes, while at least adequate cleanliness is almost the universal rule. You expect nothing else, and you find nothing else.

No criticism, therefore, can be made of our homes.

But let us step outside the homes and survey the situation.

Many of the same people who are so immaculate in their persons and so spotless in their homes are little short of slovenly in their outer surroundings. A few are dangerously near to being filthy, and yet appear to have practically no realization of the fact.

Back yards are strewn with rubbish that should have been burned. Garbage is thrown out in the yard or over the fence, to stink and fester and breed flies and disease. Grass and weeds grow and multiply and become unsightly to the eye. Cleanliness is buried under the evidence of forgetfulness and neglect.

What is said of the backyard may often be repeated of the front yard or lawn, with a few reservations. It, too, is lacking in that scrupulous care given to the person and the home.

You can look around and find rubbish in every direction. Vacant lots, alley ways, streets, gutters, everywhere an evidence of neglect—because it is the other fellow's lot, and the streets and alleys and gutters belong to the public, and what is the public business is too often nobody's business at all.

But why is it so? Why can we not be as clean and neat in our surroundings as we are in our persons and in our homes? Why can we not observe cleanliness in all ways instead of in only a few?

These things are worth your serious consideration, for they have a powerful influence on the future of Rushville and on the general health of the people.

If you think such conditions when they exist are not a constant menace, ask any doctor. He knows.

There is seldom a happy medium. Generally it is either cleanliness or filthiness, and we don't want filthiness.

Shall we wake up, and get rid of such as may now exist here?

Or shall we, like the pig, go right on wallowing through it until we die?

May 7 is the beginning of "clean-up" week.

Sound Analysis by Smoot

During the recent debate on the war bond bill Senator Reed Smoot, of Utah, rendered a valuable service by citing the reasons why the only

flute the currency, as some have feared. He said: "The statement that the issuing of the \$5,000,000,000 of bonds would inflate the currency of the country, I think would be well within the truth if the bonds were to be sold to foreign countries and money were to come into this country in lieu of the bonds. But if the bonds are to be sold in the United States, purchased by the people of the United States and the money of the United States, then it will not inflate the currency."

Someone rises to wonder if they are fighting with eggs in Europe—the way the price has been going up for a week or ten days.

The May number of the Ladies Home Journal suggests that "appropriate gifts, picture postal cards or just 'many happy returns of the day' will be acceptable to the Czar of Russia May 18." If we were in the Czar's boots, we would count "many happy returns of the day" an insult.

A New York young man expressed the opinion that many men would hesitate to join the army for fear the "slackers" will win all the desirable girls while the fighters are away. In response, a young lady who is evidently of the "desirable class," gives assurance that no patriotic young woman will receive the attentions of a "slacker." Perhaps here is a new test of the patriotism of the ladies.

Every American citizen who has been saving some money will have a chance to invest it now in U. S. Government bonds for the purpose of carrying on the war. The rate of interest, 3 1/2 per cent, seems low, but the bonds are absolutely safe, are non-taxable, and cause none of the inconvenience sometimes incident to other investments. Buy a bond.

There is reported a considerable decrease of late in the number of Brooklyn's carted-off loads of garbage, owing to the fact, it is explained, that fewer halves of broiled chicken and ham bones with much meat on them are now thrown away. Such commendable beginnings of practical war economy in our

CASTS CRUTCH ASIDE: WALKS

Tanlae Overcame Trouble of Eighteen Years Standing for Him

Elkhart, Ind., April 26.—"For eighteen years my father suffered from rheumatism in such severe form that he was compelled to walk around on crutches and at times he was almost helpless, but since taking one bottle of Tanlae, he has thrown away his crutches and gets around without any assistance," Mr. Fred W. Westfall, a well known Elkhart man of 712 Goshen avenue, said on February 10, in telling of the relief his parent, Fred A. Westfall, of Kendallville, Ind., near here, gained through the Master Medicine.

"Father was so helpless at times," Mr. Westfall continued, "that he couldn't get up out of the chair and often, it was necessary to help him in bed. The rheumatism pains were so severe that it was almost impossible for him to rest well at night."

"I read about the good work Tanlae had done for so many South Bend people and bought a bottle for father. Although he is 87 years of age, father feels like a new man."

"I wouldn't take a hundred dollars for the good it has done father."

Tanlae, the Master Medicine, is especially beneficial for rheumatism, loss of appetite, stomach, liver and kidney trouble, sleeplessness, nervousness and the like.

Tanlae is now being introduced and explained in Rushville at F. E. Wolcott's Drug Store; in Arlington at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Sons; and in Milroy at Barton and Sheppards.—(Adv.)

DEPARTMENT TO BE PUT ON WAR BASIS

Secretary of Agriculture May Control Food Just as War Department Controls Its Work

LEGISLATION IS NEEDED

Washington, April 27.—To combat the high cost of foodstuffs, the department of agriculture is to be placed on a war basis. Increase of the production of wheat and lower the price of bread are the main objects.

Department officials say this must be done soon and congress will be asked to pass legislation accordingly. With the power of handling the situation coming under its jurisdiction in the same manner as the war and navy department control matters under their jurisdiction, the agriculture department would be allowed immediately to cope with such developments as the sudden boosting of bread prices, officials claim.

NOBLE TOWNSHIP IS CITED AS EXAMPLE

State Food Director Calls Attention to Method Employed There by Farmers to Co-Operate

POOLING OF THEIR INTERESTS

Noble township has assumed state-wide prominence by being cited as an example by G. I. Christie, state food director, for other townships in the state to follow in regard to co-operation among farmers. He referred to the method Noble township farmers employed and recommended it to others. He said in a statement:

"In Noble township, Rush county, the farmers held a meeting last week and agreed to pool their own labor, so far as it is possible to do so, and work their own farms at the same time. Supposing that one farmer can put out his corn in five days, and the planting season runs two weeks, he will have seven days remaining to work with his neighbors. That's exactly what the men of Noble township, Rush county, propose to do. Whenever one of them has a spare hand for one or two days, or a spare team, or can go himself without slighting his own work, he will help his neighbors."

FLAG ON MASONIC TEMPLE

Staff is Erected and One Raised There Thursday Afternoon

The Masonic building now has a regular flag staff and flag. A staff was erected on top of the building yesterday and a flag raised by Clarence Cross, Dr. Frank M. Sparks and Walter Easley. The flag which formerly hung from a wire stretched across the street from the Masonic building to the telephone building was put on the staff. It belonged to the postoffice and had to be used because Postmaster Hunt was unable to find a flag of the size he wanted to place on the building.

FARMERS WANT REPRESENTATION

At Meeting in Indianapolis They Propose to Seek Control of Some Delegates

MAY PREPARE STATEMENT

Declare They Are Entitled to at Least Six of the Delegates-At-Large

(By United Press.)

Indianapolis, Ind., April 27.—Leading farmers from all parts of Indiana met here today to consider preliminary plans for a campaign to procure proper representation of agricultural interests of the state among the delegates who will frame the new constitution.

Farmers declared that two-fifths of the state's population is in the rural districts and that on this basis they are entitled to at least six of the fifteen delegates-at-large to be elected to the constitutional convention.

Among those who were mentioned as possible candidates for delegates-at-large to represent the farming interests are: L. H. Wright, master of the state grange and a member of the state highway commission recently appointed by Governor Goodrich; William Jones, president of the Federated agricultural societies and secretary of the state board of agriculture; Joshua Strange, Marion, chairman of the executive committee of the National Farmers' congress and formerly president of the national organization; John Brown, Monon, former member of the legislature and present legislative agent for the Farmer's congress; Dana S. Dunlop, Greencastle, student of reform for many years. He spoke at a conference on the Indiana constitution held three years ago, and also at the taxation conference at the university.

J. H. Biddle, president of the state farmer's congress has declined to run on account of his advanced age which would prevent his making an active campaign.

Discussion of drawing up a formal statement setting forth what the farmers desire incorporated in the new constitution occupied considerable time of the meeting. Copies of this statement will be sent to all candidates for delegates requesting them to state their views on the questions.

Many complaints have been heard about flower marauders being abroad at night. "TIZ" FOR TIRED AND SORE FEET

Use "Tiz" for pulled-up, burning, itching, calloused feet and corns.

Why go limping around with aching, pulled-up feet—feet as tired, chafed, sore and swollen you can hardly get your shoes on or off? Why don't you get a 25-cent box of "Tiz" from the drug store now and gladden your tortured feet? "Tiz" makes your feet glow with comfort; takes down swellings and draws the sores and misery right out of feet that chafe, smart and burn. "Tiz" instantly stops pain in corns, callouses and bunions. "Tiz" is glorious for tired, aching, raw feet. No more shoe tightness—no more foot torture.

ALLIED VICTORY MORE ASSURED EVERY DAY

Lloyd George Comments in Speech on Fact That British Haven't Lost Gun Since June, 1915

10 PRISONERS TO ENEMY'S ONE

(By United Press.)
London, April 27.—"Victory is becoming increasingly assured," declared Premier Lloyd George in a speech today. "Before June, 1915 we lost 84 guns and a number of prisoners. Thereafter we have not lost a single gun, while we captured 400 and have taken prisoners at the rate of ten of the enemy to one of ours."

"During the first eighteen days of the battle of Somme we captured 11,000 prisoners, 54 guns. In the same period around Arras we took 18,000 men and 206 guns."

"Our chances are growing as our equipment is improving. And the Germans know it, which explains the desperation with which they are driving."

"America after great patience decided it was no use to wave the neutral flag. We have lost many ships, but German piracy brought in America and we are satisfied."

TRY THIS TO BANISH ALL RHEUMATIC PAINS

People who have been tormented for years—yes, even so crippled that they were unable to help themselves—have been brought back to robust health through the mighty power of Rheuma. Rheuma acts with speed; it brings in a few days the relief you have prayed for. It antagonizes the poisons that cause agony and pain in the joints and muscles and quickly the torturing soreness completely disappears. It is a harmless remedy, but sure and certain, because it is one discovery that has forced rheumatism and sciatica to yield and disappear. HAVE COLOR IN YOUR CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lary, no-good feeling—you should take Olive Tablets. Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study with his patients. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. That's why millions of boxes are sold annually at 10c and 25c per box. All druggists. Take one or two nightly and note the pleasing results.

WORKERS TO CONFER OVER PROPOSITION

Sunday Schools of County to Consider Proposition of Business Men's Association

SUMMER FESTIVALS, PLAN

A conference of Sunday school workers will be held at the court house assembly room here tomorrow morning at nine-thirty o'clock to consider a proposition made by the Rush County Business Men's Association. The association has proposed to the Sunday school organization that group of business men from Rushville, about once a week, visit a rural church and hold an ice cream supper, followed by an entertainment. It is suggested that the business men provide the ice cream and entertainment and the Sunday school, the cake, and that the two organizations divide the proceeds equally.

The Rev. Archibald Erickson, pastor of Fletcher M. E. church at Carthage and president of the Rush County Sunday School association, is very favorably impressed with the idea and has addressed letters to Sunday school workers all over the county urging them to attend the conference. It is believed that gratifying results can be obtained by working out the suggestion because good feeling would be fostered between the business men and the country people, and in addition the Sunday schools could make some money on the ventures.

MAY BE COMMITTED TO INSANE ASYLUM

Ferdinand Davis, Former Inmate, Turned Over to Rush County After Being Held at Shelbyville.

THINKS HE'S WHOLE U. S. ARMY

For a time today county officials here were "stumped" as to what to do with Ferdinand Davis of near Manilla, who is held in the Shelbyville jail awaiting commitment in an insane hospital. Davis was at one time a patient in the Central Insane hospital at Indianapolis, having been sent from Shelby county. Since then he has moved into Rush county and last week when he became insane the hospital officials refused to take him back because he did not live in Shelby county.

The Shelby county sheriff has no right to hold him and after consulting a few law books it was decided to bring him here and hold an insanity inquest in order to have him committed to the Southeastern hospital for the insane at Madison. There is not much doubt that Davis is of unsound mind. He imagines he wants to whip Germany and that he is the whole United States army.

CAMPAIGN IS STARTED FOR MORE LIVE STOCK

Continued from Page 1.

"Better feeding and management of the spring pig crop is essential.

"Disease must be controlled and stamped out promptly. It is recommended precaution against outbreaks of hog cholera and unite in rigid community efforts to locate and diagnose all outbreaks of disease and control all outbreaks of hog cholera and encourage voluntary quarantine measures and clean and disinfect the farms.

"It is also recommended that the intelligent use of anti-hog cholera serum be practiced in infected and exposed herds;

"That all the thrifty breeding ewes and ewe lambs be retained on the farms in order that the number of sheep and the supply of wool may be increased, and that the establishment of new flocks should be encouraged wherever conditions are suitable;

"That forage crops for sheep, such as rape alone, rape in corn, oats and corn fields and rough pasture lands be utilized to the fullest extent. Many farms in Indiana have sufficient feed going to waste annually in the stubble fields, the corn fields, fence corners and elsewhere to maintain a nice flock of ewes.

"The prevention and control of parasites and the control of dogs is strongly urged at this time. These are the greatest enemies of the sheep industry. Frequent changes and fresh pasture will do much to control the parasites. A full realization of the damage which dogs do the flocks of the state and the united community effort to control them and rid the community of unnecessary dogs will prevent much of the damage they do."

The following recommendations are made regarding horses:

"Proper feeding and care during the heavy work season is very important. Many farms are short of horse power and still others are showing a scarcity of feed. This means decreased efficiency in horses on our farms.

"It is recommended that farmers be urged to breed a large number of mares this year in order to insure an increasing horse supply later. Only sound mares and purebred stallions should be used.

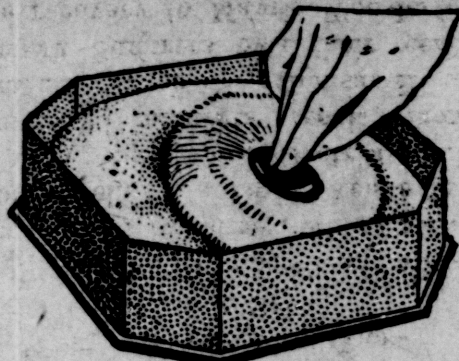

"It is recommended that every young colt should be carefully looked after at foaling time and properly fed so as to produce good growth during the first season."

In regard to cattle the committee says:

"It is recommended that all good beef calves be retained on farms this year. Farmers are urged to provide suitable pasture and forage crops so as to insure good growth and care during the summer.

"Wherever cattle are kept in sufficient numbers farmers are urged to build silos in order to insure an ample supply of first-class feed next winter.

"Wherever sufficient pasture is available, farmers are urged to obtain light weight stockers of good quality, with a view of keeping them on the farm to consume the pasture

Amusements

The Lyric offers the five act feature drama "Her Father's Gold" for the program tonight. Harris Gordon is featured and it is said to tell an interesting and dramatic story. There is a vein of mystery which lends interest to the action. Tomorrow the western drama "El Diablo" will be shown, along with the usual program.

The Gem will show the next installment of "The Mystery of the Double Cross" for the first picture of tonight's program. The second is "Pathe News" and the program ends with the drama "The Stolen Inheritance." Tomorrow the three reel comedy "Tillies Terrible Tumbles" will be featured.

"Nearly a King," which was written specially for John Barrymore, gives this celebrated comedian the greatest opportunity of his motion picture career to display the thousand and one comic sides of his talented nature which have made him a prime favorite since his introduction to the film world. This picture is the attraction at the Princess tonight. It is the tale of a young American who has the great fortune, or misfortune, to resemble the Prince of Bulwana, an adventurous spirit who is just in the throes of being palmed off on a princess whom he has never seen. But the prince loves an actress and determines that he is going to marry her despite reasons of state which render it expedient that he espouse the Princess of Okam.

The Regent of Okam has summoned Helene, the princess, back to the Balkans from America, where she is in school. On the steamer she has met a happy-go-lucky sort of young American who came sliding into her stateroom during the middle of the night on his steamer trunk, which was being lashed about his stateroom by the rolling of the ship, and finally went on a wild junket across the companionway. Despite this extremely unceremonious meeting, the pair survive the meeting, and become very close friends before the voyage is completed.

DEBATE ON DRAFT BILL NEAR AN END

Senate Begins Deliberations at 10
A. M. and House Two Hours
Later on Conscription Plan

FINAL APPEALS ARE MADE

Representative Kahn, Republican
Exponent of Administration De-
nounces Volunteer System

By J. P. YODER
(U. P. Staff Correspondent.)

Washington, April 27.—The senate began deliberations at ten o'clock on its consideration to put through the president's elective conscription plan for raising an army. The house began consideration of the army bill two hours later.

Three great things, to convince the enemy of the unity of the country in this terrible struggle, are necessary, declared Senator Jones of Washington, speaking in favor of conscription.

"We should first make an army of 1,000,000 men; second we should destroy the liquor traffic in this country and third, we should enfranchise our women," he declared.

House debate approached the end this afternoon when Representative Kahn of California, in closing, denounced the volunteer system and begged the house to stand by the president. Kahn is a republican, but is leading the democratic administration's forces for the bill. He received a rousing welcome of cheers as he rose.

"In all our wars," Kahn said, "we have had among us those who opposed our entrance into the struggles and who put every obstacle in the way to prevent us from facing the war in the right of the United States.

"The system which permits the volunteer to sacrifice his life and permits the slackers to remain at home is neither, just nor democratic. We who believe in the selective draft feel it is the duty of the individual in a republic to respond whenever and however the nation needs him."

MAKES REPORT TO HOME GOVERNMENT

British Foreign Secretary Writes
Allies Agree to Equal Division
of Munitions and Foods.

THE SUPPLY OF MEN CAN WAIT

BY GEORGE R. MARTYN
(U. P. Staff Correspondent.)

Washington, April 27.—The first chapter of America's part in the world war was penned here by British foreign secretary, James A. Balfour when he cabled to his home government his report of the agreement reached at the war council. Balfour's report will tell Europe allies that the first problem settled was shipping. He wrote, in effect, that the British and French commissions have expressed their wishes to the American government concerning the part it shall take in the war. Balfour will say that the American government has all the allies wanted; with a preponderance of men, munition or food; and after settling the question among themselves the British commission asked an equal division of munitions and food.

The supply of American fighting men, it was agreed, can wait.

THURSDAY BIGGEST DAY YET FOR TAXES

Two Railroads Settle With County
Treasurer, Making Collections
Total \$17,260

ABOUT \$115,000 ON THE BOOKS

Tax collections at the county treasurer's office totalled \$17,260, the largest single day of the spring tax paying season. The receipts were swelled because two railroads—the Big Four and Pennsylvania—paid their taxes. The Big Four paid the sum of \$3,976.38 and the Pennsylvania paid in the sum of \$4,295.80.

A big day is expected tomorrow and the people living in the city are urged not to come to the office, but to let the country people have the advantage of this day. The same thing is asked of next Saturday. A total of \$187,924.72 had been collected up until the close of business last night. Something like \$115,000 remains to be collected in the remaining eight days.

The office this spring is following the usual course to make tax paying easy. A description of the property, giving the location by township, and a blank check for the treasurer to fill in, together with a self-addressed envelope, will bring a person's tax duplicate without even visiting the office.

BENEFIT FOR RED CROSS ANNOUNCED

Operetta Will be Presented by Home
Talent Players Under Direc-
tion of Denning Havens

MONDAY EVENING MAY 7, DATE

Scene Will be Laid Near War Camp
and Action Will Take Place
Between Battles

A Red Cross benefit operetta will be given by home talent players at the Graham Annex auditorium a week from next Monday night under the direction of Denning Havens.

Several of the choruses have been rehearsing for some time and another rehearsal will be held tonight. The cast will work diligently from now on until the night of the entertainment to make it one of the most creditable undertakings ever offered here.

The Rushville chapter of the American Red Cross society, which is just being organized, is sorely in need of funds and this means was decided upon to raise funds for the chapter. Not only for its worth as an entertainment but because of the purpose for which it is being given, the operetta will undoubtedly be well patronized, it is believed.

The scene is laid near a war camp and the entertainment takes place between battles. The characters are all those who would be on a battlefield, the girls taking the parts of Red Cross nurses and the boys, soldiers.

During the course of the action of the operetta, a group of Hawaiians drift into the scene, giving opportunity for music by the ukulele club of the high school.

In addition to the Hawaiian musicians, other organizations taking part will be the boys glee club of the high school, the girls glee club of the high school, a sextette composed of colored boys, children from the Jackson school and the high school orchestra, which will accompany all musical numbers.

Individuals who will take part are Miss Norma Smith, Mrs. Hazel Lytle-Moor, Miss Mary Louise Poe, Miss Frances Frazee, Miss Mary Louise Bliss, Miss Kathleen Hogsett, Dr. Hyle Pearsey, Francis Coyne and Duane Reed.

COMPETITION IN CONTESTS KEEN

Duane Reed is Declared Winner in
Oratorical and Miss Gladys
Bebout in Declamation

IS HEARD BY A CROWD OF 400

Miss Kathleen Hogsett Wins Vocal
Contest and Miss Janet Dean
Violin Contest

Winners in the high school preliminary at the Graham Annex auditorium last night, who will represent the high school at the inter-high school meet at Shelbyville Saturday, May 12, were as follows:

Oratorical, Duane Reed; declamation, Miss Gladys Bebout; violin solo, Miss Janet Dean; vocal solo, Miss Kathleen Hogsett.

After having won in the oratorical, according to the rules of the contests, Duane Reed could not be considered by the judges in the declamation contest, although he gave, "The Raven" in very fine fashion, with good dramatic effect.

In the oratorical contest, Duane Reed gave "War and Public Opinion." Miss Katherine Wooden was second. Her speech was "The Hero of Compromise." Alfred Norris, speaking on "The American Infamy" was third.

Miss Bebout read "Ole Man and Jim" and Alfred Norris, who was second, "Gunga Din." Paul Spivey, who gave "Robert Emmet in His Own Defense," was declared third by the judges.

Miss Janet Dean, who played "Allegro Brillante," by W. Ten Havey, was awarded first in the violin contest and Miss Lois Reeve, who played "Mazurka" by Mylnarski, was placed second by the judges. Miss Mary Louise Wyatt, playing "Kuia-wiak," by Wieniawski, was third. Mrs. D. H. Dean accompanied her daughter at the piano and C. E. Parke was the accompanist for the other two.

In the vocal solo contest, Miss Kathleen Hogsett, who was given first sung "At Dawning" by Cadman, and Miss Mary Louise Poe, who sang "Morning Wind" by Branscombe, was second. John Norris was third. He sang "Shipmates O' Mine," by Sanderson, and was accompanied by Miss Norma Smith. Mr. Parke accompanied Miss Hogsett and Miss Poe.

A crowd of four hundred people heard the contests and excellent order was maintained by compelling late arrivals to wait until the number then being given was completed before they entered the auditorium.

Credit for the excellent showing made by all the contestants is given to Earl B. Marlatt, who coached the orators and those in the declamation contest, and C. E. Parke, supervisor of music, who assisted the contestants in the musical contests.

As proof of the excellence of all of the entrants, one of the judges was said to remark after the oratorical contest that any one of the six might be selected and the school would be well represented.

The complete rating of the judges was not given out so that the standing of those except the first three will not be known.

The judges in the oratorical and declamation contests were: George Beck, principal of Shortridge high school, Indianapolis; L. H. Dirks, teacher of German in Shortridge high school; Mr. Holloway, teacher of English in Manual Training high school, Indianapolis.

The judges for the musical contest were: A. A. Glockzin, supervisor of music in the Connersville schools; Miss Lulu Kanazy, teacher of music in the Indianapolis schools; Mr. Montani, also teacher of music in the Indianapolis schools.

Gary Plans are being made for 20 school boys to cultivate an Indiana farm during summer vacation.

CHILD WELFARE WEEK WILL OPEN

Special Observance of Nation-Wide
Importance Starts Here To-
morrow With Baby Contest

FROM 8 MONTHS TO 2 YEARS

All Babies Within Those Ages Are
Eligible—Each Examination
Will be Separate

Promoters of "Child Welfare Week" have heard the report that there will be danger for the babies who are entered in the better babies contest at the Graham Annex school building tomorrow beginning at 8 a. m. The committees in charge said today that this is far from the truth because the babies will be examined separately and there will be no chance to expose them to any contagious disease.

Furthermore, it was stated that the records of the examinations of the babies will be held in confidence and will not be made public. Mental, physical and dental examinations will be made by local physicians and dentists and in six months another examination will be made. The children making the best gains will receive the prizes.

There will be a first and second prize for the boy babies and similar prizes for the girl babies. Prizes will also be given for the colored children. The prizes in the first two classes will be deposits in the four Rushville banks.

Every child in the county between the ages of eight months and two years is eligible. Invitations have been sent to five hundred mothers in Rush county and there are probably others of which the committee had no record. Mothers who received no invitations are urged to bring their babies anyway because it is desired that every baby within the age limits in the county be in the contest. Aside from the chance for a prize, the examination by physicians is worth much.

Next week will be "Child Welfare Week" all over the United States. Great preparations are being made in other cities to observe it. Merchants in Rushville have promised the committee from the federated clubs that they will emphasize it in window decorations and by every other means at their disposal.

The week's observance will be closed with a program for mothers in the George C. Wyatt and company furniture store one week from Saturday. It will be free to all mothers of the county and any others who may want to attend.

Miss Anne Straight, the visiting nurse, will give a lecture on the topic, "The Baby," and will also offer some demonstrations in the care of the baby for the information of mothers present. Miss Kate Dennis, domestic science teacher in the public schools, will talk on the subject, "School Lunches and Properly Balanced Diets." She will also give demonstrations to illustrate her lecture. Dr. Lowell M. Green and Dr. W. S. Coleman will speak in regard to the baby's health and Dr. P. H. Chadwick will talk about the proper care of the baby's teeth.

The case of Rush G. Budd, executor of the will of the late Jesse T. The court found for Mrs. Winship for costs.

T. and H. Smith Company was given a judgment for \$81.03 against James E. Hinchman on a note. The original demand was \$150. This case was submitted some time ago and the decision given today.

The case of David W. Andre against Horace G. Beckner, Alonzo Feenster and the First National Bank of Connersville for subrogation and indemnity, was dismissed and the costs paid. The case was sent to this county on a change of venue from Fayette county. Since the filing of the suit Mr. Andre died and the administrator of his estate, G. Edwin Johnston, was substituted. The case involved the title to the old Andre theatre building in Connersville.

CAMPAIGN ON FOR MORE LIVE STOCK

County Superintendent C. M. George
Receives Letter From G. I.
Christie Outlining Program

CONSERVATION IS URGED

Suggested Local Committee. Not
Delay Action on Anything Which
Can be Started Now

County Superintendent C. M. George has received a letter from G. I. Christie, state food director, outlining the program for live stock production which the Indiana committee on food production and conservation has arranged and asks all counties to follow in order to increase the live stock raised in Indiana.

The program was presented by the animal husbandry department of Purdue university and accepted by the committee. It is suggested that the committee in this county which has charge of the increased production advised this year on account of the war not delay action on any movements which can be started at this time.

"Do anything that may be done," says the letter, "to save the breeding stock for the farms. Establish an exchange so that stock that can not be fed on one farm can be finished on another with profit, is in line and your committee should take it up at once."

It is suggested that the committee report to the state committee all work undertaken and results obtained.

On the question of swine production, the committee advises the conservation of brood sows and gilts for fall breeding. The letter continues:

"It is recommended that the fall pig crop be increased to the maximum that can be suitably housed, fed, and cared for and that the sows should be bred to farrow early, from August 20th to September 20th, since the late pigs are not satisfactory or profitable.

"It must be recognized that many farmers are not prepared to properly take care of fall pigs. Under such circumstances, it is not wise for them to bring a lot of pigs on to the farm to develop into runts later.

"It is recommended that provision for forage crops for hogs (and other classes of live stock as well) should be made at once and utilized to the greatest extent throughout the summer and fall, and it is recommended that where the food supply is limited, a limited grain ration on good pasture of clover, alfalfa, blue grass or rape may be fed to the hogs until the new corn crop is available and that where sufficient grain suitable for fattening hogs is available on the farm, the hogs should be given the full feed and marketed as soon as they reach the weight of two hundred to two hundred and fifty pounds.

An A B C Thought for the Merchant

Advertising creates a desire to see the goods advertised.

Advertising of a nationally distributed product in the local newspapers which are read by the people with whom you do business every day, will lead "that desire to see" right to your store.

It is simply business horse sense to show the people what they want to see.

In other words, when you display and push goods advertised in your local newspapers, you are making your store a Public Service Store in the best sense of the word.

That's the A B C of the whole situation.

Double-Barrelled Cleanliness

The Lord expects us all to be clean—not only in person but in our surroundings as well—if we can't be godly.

Most persons are scrupulously clean with their persons. They regard with the utmost care all the laws of personal cleanliness. The average person holds nothing but contempt for the slovenly, unclean one who pays no attention to his or her personal appearance.

In the homes of our community you will find the same evidence of scrupulous care and attention to the smallest of details. Spotless cleanliness is the word in a majority of homes, while at least adequate cleanliness is almost the universal rule. You expect nothing else, and you find nothing else.

No criticism, therefore, can be made of our homes.

But let us step outside the homes and survey the situation.

Many of the same people who are so immaculate in their persons and so spotless in their homes are little short of slovenly in their outer surroundings. A few are dangerously near to being filthy, and yet appear to have practically no realization of the fact.

Back yards are strewn with rubbish that should have been burned. Garbage is thrown out in the yard or over the fence, to stink and fester and breed flies and disease. Grass and weeds grow and multiply and become unsightly to the eye. Cleanliness is buried under the evidence of forgetfulness and neglect.

What is said of the backyard may often be repeated of the front yard or lawn, with a few reservations. It, too, is lacking in that scrupulous care given to the person and the home.

You can look around and find rubbish in every direction. Vacant lots, alley ways, streets, gutters, everywhere an evidence of neglect—because it is the other fellow's lot, and the streets and alleys and gutters belong to the public, and what is the public business is too often nobody's business at all.

But why is it so? Why can we not be as clean and neat in our surroundings as we are in our persons and in our homes? Why can we not observe cleanliness in all ways instead of in only a few?

These things are worth your serious consideration, for they have a powerful influence on the future of Rushville and on the general health of the people.

If you think such conditions when they exist are not a constant menace, ask any doctor. He knows.

There is seldom a happy medium. Generally it is either cleanliness or filthiness, and we don't want filthiness.

"Shall we wake up, and get rid of such as may now exist here?"

Or shall we, like the pig, go right on wallowing through it until we die?

May 7 is the beginning of "clean-up" week.

Sound Analysis by Smoot

During the recent debate in the

flate the currency, as some have feared. He said: "The statement that the issuing of the \$5,000,000,000 of bonds would inflate the currency of the country, I think would be well within the truth if the bonds were to be sold to foreign countries and money were to come into this country in lieu of the bonds. But if the bonds are to be sold in the United States, purchased by the people of the United States and the money of the United States, then it will not inflate the currency."

Someone rises to wonder if they are fighting with eggs in Europe—the way the price has been going up for a week or ten days.

The May number of the Ladies Home Journal suggests that "appropriate gifts, picture postal cards or just 'many happy returns of the day' will be acceptable to the Czar of Russia May 18." If we were in the Czar's boots, we would count "many happy returns of the day" an insult.

A New York young man expressed the opinion that many men would hesitate to join the army for fear the "slackers" will win all the desirable girls while the fighters are away. In response, a young lady who is evidently of the "desirable class," gives assurance that "no patriotic young woman will receive the attentions of a 'slacker.' Perhaps here is a new test of the patriotism of the ladies.

Every American citizen who has been saving some money will have a chance to invest it now in U. S. Government bonds for the purpose of carrying on the war. The rate of interest, 3 1/2 per cent, seems low, but the bonds are absolutely safe, are non-taxable, and cause none of the inconvenience sometimes incident to other investments. Buy a bond.

There is reported a considerable decrease of late in the number of Brooklyn's carted-off loads of garbage, owing to the fact, it is explained, that fewer halves of broiled chicken and ham bones with much meat on them are now thrown away. Such commendable beginnings of practical war economy in our

Without it there can be no hope of attaining the highest results possible. Our methods of dry cleaning rugs and carpets is the result of years of experience.

Don't you think it a better plan to have your rugs and carpets dry cleaned, dusted, scoured or vacuum cleaned, than to have them beaten and perhaps torn to threads. We return them without removing the sizing.

CASTS CRUTCH ASIDE; WALKS

Tanlae Overcame Trouble of Eigh-
teen Years Standing for
Him
Elkhart, Ind., April 26.—"For
eighteen years my father suffered
from rheumatism in such severe
form that he was compelled to
walk around on crutches and at
times he was almost helpless, but
since taking one bottle of Tanlae,
he has thrown away his crutches
and gets around without any assist-
ance," Mr. Fred W. Westfall, a well
known Elkhart man of 712 Goshen
avenue, said on February 10, in tell-
ing of the relief his parent, Fred A.
Westfall, of Kendallville, Ind., near
here, gained through the Master
Medicine.

"Father was so helpless at times,"
Mr. Westfall continued, "that he
couldn't get up out of the chair and
often, it was necessary to help him
in bed. The rheumatism pains were
so severe that it was almost im-
possible for him to rest well at
night."

"I read about the good work Tan-
lae had done for so many 'South
Bend people' and bought a bottle for
father. Although he is 87 years of
age, father feels like a new man."

"I wouldn't take a hundred dol-
lars for the good it has done father."

Tanlae, the Master Medicine, is
especially beneficial for rheumatism,
loss of appetite, stomach, liver and
kidney trouble, sleeplessness, ner-
vousness and the like.

Tanlae is now being introduced

DEPARTMENT TO BE PUT ON WAR BASIS

Secretary of Agriculture May Con-
trol Food Just as War De-
partment Controls Its Work

LEGISLATION IS NEEDED

Washington, April 27.—To combat
the high cost of foodstuffs, the de-
partment of agriculture is to be
placed on a war basis. Increase of
the production of wheat and lower
the price of bread are the main ob-
jects.

Department officials say this must
be done soon and congress will be
asked to pass legislation accord-
ingly. With the power of handling
the situation coming under its
jurisdiction in the same manner as
the war and navy department con-
trol matters under their jurisdic-
tion, the agriculture department
would be allowed immediately to
cope with such developments as the
sudden boosting of bread prices,
officials claim.

NOBLE TOWNSHIP IS CITED AS EXAMPLE

State Food Director Calls Atten-
tion to Method Employed There
by Farmers to Co-Operate

POOLING OF THEIR INTERESTS

Noble township has assumed
state-wide prominence by being cited
as an example by G. I. Christie,
state food director, for other town-
ships in the state to follow in regard
to co-operation among farmers. He
referred to the method Noble town-
ship farmers employed and recom-
mended it to others. He said in a
statement:

"In Noble township, Rush county,
the farmers held a meeting last week
and agreed to pool their own labor,
so far as it is possible to do so,
and work their own farms at the
same time. Supposing that one
farmer can put out his corn in five
days, and the planting season runs
two weeks, he will have seven days
remaining to work with his neigh-
bors. That's exactly what the
men of Noble township, Rush county,
propose to do. Whenever one of
them has a spare hand for one or
two days, or a spare team, or can go
himself without slighting his own
work, he will help his neighbors."

FARMERS WANT REPRESENTATION

At Meeting in Indianapolis They
Propose to Seek Control of
Some Delegates

MAY PREPARE STATEMENT

Declare They Are Entitled to at
Least Six of the Delegates-
At-Large

(By United Press.)
Indianapolis, Ind., April 27.—
Leading farmers from all parts of
Indiana met here today to consider
preliminary plans for a campaign to
procure proper representation of
agricultural interests of the state
among the delegates who will frame
the new constitution.
Farmers declared that two-fifths
of the state's population is in the
rural districts and that on this basis
they are entitled to at least six of
the fifteen delegates-at-large to be
elected to the constitutional con-
vention.

Among those who were men-
tioned as possible candidates for de-
legates-at-large to represent the
farming interests are: L. H. Wright,
master of the state grange and a
member of the state highway com-
mission recently appointed by Gov-
ernor Goodrich; William Jones,
president of the Federated agricul-
tural societies and secretary of the
state board of agriculture; Joshua
Strange, Marion, chairman of the Na-
tional Farmers' congress and formerly
president of the national organiza-
tion; John Brown, Monon, former
member of the legislature and pre-
sent legislative agent for the Far-
mer's congress; Dana S. Dunlop,
Greencastle, student of reform for
many years. He spoke at a confer-
ence on the Indiana constitution
held three years ago, and also at the
taxation conference at the univer-
sity.

J. H. Biddle, president of the
state farmer's congress has declin-
ed to run on account of his advan-
ced age which would prevent his
making an active campaign.

Discussion of drawing up a formal
statement setting forth what the
farmers desire incorporated in the
new constitution occupied consid-
erable time of the meeting. Copies of
this statement will be sent to all
candidates for delegates requesting
them to state their views on the
questions.

FLOWER MARAUDERS

Many complaints have been heard
about flower marauders being
abroad at night. Several have re-

Plunderers of flower beds usually
appear at this season of the year

James M. McCormick and Arch Bogue, as agent, have filed suit against Isaac Knotts, Inez Knotts and Edward Bowen, on a note and to foreclose a mortgage, demanding \$100. It is alleged that Inez and Isaac Knotts gave the plaintiffs a note for \$72.50 and to secure payment a mortgage was taken on the grocery fixtures of the defendants. Since then the mortgaged property is alleged to have been sold to Bowen and he is made a party for this reason. The plaintiffs ask that the mortgage be foreclosed.

Lloyd George Comments in Speech on Fact That British Haven't Lost Gun Since June, 1915

10 PRISONERS TO ENEMY'S ONE

(By United Press.) London, April 27.—"Victory is becoming increasingly assured," declared Premier Lloyd George in a speech today. "Before June, 1915 we lost 84 guns and a number of prisoners. Thereafter we have not lost a single gun, while we captured 400 and have taken prisoners at the rate of ten of the enemy to one of ours."

"During the first eighteen days of the battle of Somme we captured 11,000 prisoners, 54 guns. In the same period around Arras we took 18,000 men and 206 guns."

"Our chances are growing as our equipment is improving. And the Germans know it, which explains the desperation with which they are driving."

"America after great patience decided it was no use to wave the neutral flag. We have lost many ships, but German piracy brought in America and we are satisfied."

WORKERS TO CONFER OVER PROPOSITION

Sunday Schools of County to Consider Proposition of Business Men's Association

SUMMER FESTIVALS, PLAN

A conference of Sunday school workers will be held at the court house assembly room here tomorrow morning at nine-thirty o'clock to consider a proposition made by the Rush County Business Men's association. The association has proposed to the Sunday school organization that group of business men from Rushville, about once a week, visit a rural church and hold an ice cream supper, followed by an entertainment. It is suggested that the business men provide the ice cream and entertainment and the Sunday school, the cake, and that the two organizations divide the proceeds equally.

The Rev. Archibald Erickson, pastor of Fletcher M. E. church at Carthage and president of the Rush County Sunday School association, is very favorably impressed with the idea and has addressed letters to Sunday school workers all over the county urging them to attend the conference. It is believed that gratifying results can be obtained by working out the suggestion because good feeling would be fostered between the business men and the country people, and in addition the Sunday schools could make some money on the ventures.

MAY BE COMMITTED TO INSANE ASYLUM

Ferdinand Davis, Former Inmate, Turned Over to Rush County After Being Held at Shelbyville.

THINKS HE'S WHOLE U. S. ARMY

For a time today county officials here were "stumped" as to what to do with Ferdinand Davis of near Manilla, who is held in the Shelbyville jail awaiting commitment in an insane hospital. Davis was at one time a patient in the Central Insane hospital at Indianapolis, having been sent from Shelby county. Since then he has moved into Rush county and last week when he became insane the hospital officials refused to take him back because he did not live in Shelby county.

The Shelby county sheriff has no right to hold him and after consulting a few law books it was decided to bring him here and hold an insanity inquest in order to have him committed to the Southeastern hospital for the insane at Madison. There is not much doubt that Davis is of unsound mind. He imagines he wants to whip Germany and that he is the whole United States army.

CAMPAIGN IS STARTED FOR MORE LIVE STOCK

Continued from Page 1.

"Better feeding and management of the spring pig crop is essential.

"Disease must be controlled and stamped out promptly. It is recommended precaution against outbreaks of hog cholera and unite in rigid community efforts to locate and diagnose all outbreaks of disease and control all outbreaks of hog cholera and encourage voluntary quarantine measures and clean and disinfect the farms.

"It is also recommended that the intelligent use of anti-hog cholera serum be practiced in infected and exposed herds;

"That all the thrifty breeding ewes and ewe lambs be retained on the farms in order that the number of sheep and the supply of wool may be increased, and that the establishment of new flocks should be encouraged wherever conditions are suitable;

"That forage crops for sheep, such as rape alone, rape in corn, oats and corn fields and rough pasture lands be utilized to the fullest extent. Many farms in Indiana have sufficient feed going to waste annually in the stubble fields, the corn fields, fence corners and elsewhere to maintain a nice flock of ewes.

"The prevention and control of parasites and the control of dogs is strongly urged at this time. These are the greatest enemies of the sheep industry. Frequent changes and fresh pasture will do much to control the parasites. A full realization of the damage which dogs do the flocks of the state and the united community effort to control them and rid the community of unnecessary dogs will prevent much of the damage they do."

The following recommendations are made regarding horses:

"Proper feeding and care during the heavy work season is very important. Many farms are short of horse power and still others are showing a scarcity of feed. This means decreased efficiency in horses on our farms.

"It is recommended that farmers be urged to breed a large number of mares this year in order to insure an increasing horse supply later. Only sound mares and purebred stallions should be used.

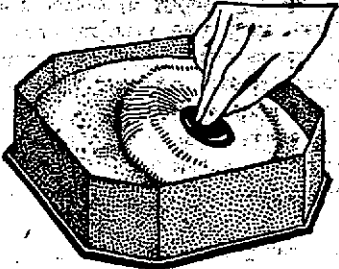

"It is recommended that every young colt should be carefully looked after at foaling time and properly fed so as to produce good growth during the first season."

In regard to cattle the committee says:

"It is recommended that all good beef calves be retained on farms this year. Farmers are urged to provide suitable pasture and forage crops so as to insure good growth and care during the summer.

"Wherever cattle are kept in sufficient numbers farmers are urged to build silos in order to insure an ample supply of first-class feed next winter.

"Wherever sufficient pasture is available, farmers are urged to obtain light weight stockers of good quality, with a view of keeping them on the farm to consume the pasture

Amusements

The Lyric offers the five act feature drama "Her Father's Gold" for the program tonight. Harris Gordon is featured and it is said to tell an interesting and dramatic story. There is a vein of mystery which lends interest to the action. Tomorrow the western drama "El Diablo" will be shown, along with the usual program.

The Gem will show the next installment of "The Mystery of the Double Cross" for the first picture of tonight's program. The second is "Pathe News" and the program ends with the drama "The Stolen Inheritance." Tomorrow the three reel comedy "Tillies Terrible Tumbles" will be featured.

"Nearly a King," which was written specially for John Barrymore, gives this celebrated comedian the greatest opportunity of his motion picture career to display the thousand and one comic sides of his talented nature which have made him a prime favorite since his introduction to the film world. This picture is the attraction at the Princess tonight. It is the tale of a young American who has the great fortune, or misfortune, to resemble the Prince of Bulwaria, an adventurous spirit who is just in the throes of being palmed off on a princess whom he has never seen. But the prince loves an actress and determines that he is going to marry her despite reasons of state which render it expedient that he espouse the Princess of Okam.

The Regent of Okam has summoned Helene, the princess, back to the Balkans from America, where she is in school. On the steamer she has met a happy-go-lucky sort of young American who came sliding into her stateroom during the middle of the night on his steamer trunk, which was being lashed about his stateroom by the rolling of the ship, and finally went on a wild junket across the companionway. Despite this extremely unceremonious meeting, the pair survive the meeting, and become very close friends before the voyage is completed.
